

Criminal Justice

Tennessee Transfer Pathway (AS)

A day in the life

A bachelor's degree in criminal justice is a first step toward roles in organizations such as the FBI or toward areas such as investigations or supervision. Graduate work may be required. Strong communications skills (written and oral) and analytical skills are essential.

Three reasons to consider this program.

1. Take two years here, save on tuition costs, and then transfer to a university.
2. Our small class sizes mean you will receive plenty of one-on-one attention.
3. Four-year colleges want transfer students. Many offer scholarships for community college students.

Before you sign up, make sure you understand...

1. The intent of this program is for you to complete two years and then transfer to a four-year university.
2. Some students transfer without getting their associate degree, but officially having your Roane State associate degree has many benefits.
3. Decide which four-year school you plan to attend right away. See your advisor. Your decision will affect the electives you will take.

Roane State

COLS 1010 Study, Organize, Succeed
ENGL 1010 Composition I
SOCJ 1010 Introduction to Sociology
